100 /100	100 /100	0	0	0	0	0

EXECUTIVE ASSESSMENT

Automated security and quality audit completed with zero identified vulnerabilities or code defects. Code posture is optimal for merge.

TOP PRIORITY FINDINGS (MAX 3)

✓ No issues detected. All code quality and security checks passed.

REMEDIATION ROADMAP

IMMEDIATE:	No critical findings requiring emergency remediation.
HIGH PRIORITY:	No high-severity security vulnerabilities identified.
FOLLOW-UP:	No routine maintainability follow-up items remaining.

CODE QUALITY	SECURITY POSTURE	REVIEW OUTCOME
100/100 (Excellent / Strong)	100/100 (Excellent / Strong)	APPROVED
Assessment Summary: Optimal code health (Excellent / Strong) and full security compliance (Excellent / Strong).
